			4.5	4.56	1	1.25				
MODEL ZLP-2	A	B	C	D	MODEL ZLP-1	A	B	C	D	
	4.5	2.75	1	1.25		4.5	1.75	0.88	1.25	
NOTE: FASTENERS NOT SHOWN - ALL DIMENSIONS IN INCHES										

ZONE LIGHT PANELS: ZLP-1, ZLP-2, ZLP-4

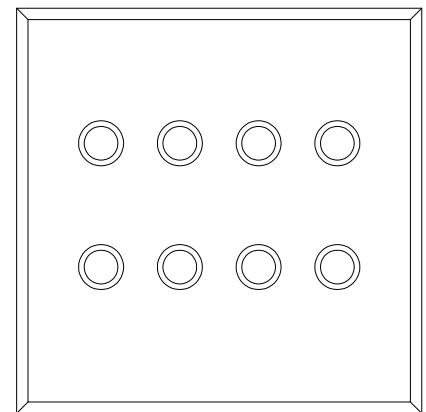

Features

- 1/2 inch LEDs to indicate door or alarm status
- 24 VDC (12 VDC with removal of a resistor)
- 1 set of LEDs on a narrow stile plate
- 2 sets of LEDs on a single gang plate
- 4 sets of LEDs on a double gang plate
- Stainless steel plates
- 1 green and 1 red LED per set

Operating Temperature
0 to 43C [32 to 110F]

How to Order

<u>Part #</u>	<u>Description</u>
ZLP-1	Zone Light Panel 1 Set of LEDs
ZLP-2	Zone Light Panel 2 Sets of LEDs
ZLP-4	Zone Light Panel 4 Sets of LEDs

ZONE LIGHT PANELS: ZLP-1, ZLP-2, ZLP-4 (cont'd)

Architectural Specifications

- A. The ZLP Panel shall be produced by an ISO 9001 certified manufacturer
- B. The ZLP shall have a limited lifetime warranty covering malfunction and abuse.
- C. The ZLP Panel shall have indicators (1 / 2 inch LEDs) to indicate door or alarm status.
- D. A set of indicators shall include one RED and one GREEN light emitting diode.
- E. The ZLP-1 shall include one set of indicators.
- F. The ZLP-2 shall include two sets of indicators.
- G. The ZLP-4 shall include four sets of indicators.
- H. The ZLP indicators shall operate on 24VDC by default but may operate on 12VDC with the removal of a resistor.
